

Breast Reconstruction Information Evening

Wednesday 17 October 2018, 6pm-9pm
Flinders Centre for Innovation in Cancer

Located behind the Wilson's Multi-Storey car park on
Flinders Drive, Bedford Park

About the evening

Flinders Medical Centre's Breast Reconstruction Service is hosting a Breast Reconstruction Information Evening to provide general information to women across South Australia who may be considering breast reconstruction following surgery to treat or remove the risk of cancer.

The evening will commence with a short presentation providing a general overview of breast reconstruction starting at 6:30pm. The expo will feature information stalls from a range of healthcare providers covering all facets of the post-mastectomy journey, including implant and flap based reconstruction, reconstruction timelines, fat graft reconstruction, surgical compression garments and what to expect following surgery.

Please note: Individual consultations will not be provided.
